

Dear SIEF Members,

The Lead Registrant **Treibacher Industrie AG** in collaboration with the Members of the Rare Earth Consortium has prepared the lead registration dossier for the substance Yttrium metal (CAS 7440-65-5, EC 231-174-8). The lead registration dossier has been submitted. The Joint Submission currently covers the tonnage band 1-10 tpy (Annex VII). However, please note that testing is still ongoing for a certain number of Annex VIII endpoints. An upgrade of the current registration dossier is foreseen in the coming weeks to submit a joint submission for 10-100 tpy (Annex VIII) registration. Another SIEF communication will be issued when the LoAs for Annex VIII will be available for sale.

The LoAs are available for co-registering the substance in Annex VII and as a TII under SCC (<1000 tpy). The LoA-prices have been derived considering Regulation (EU) 2016/9 of 5 January 2016 on joint submission of data and data-sharing in accordance with Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), L3/41, 6.1.2016. There is an initial price (to be paid when buying the LoA) and a final price (to be calculated later). For more information, see the news page and the Q&A on the REC website (<http://www.rare-earth-consortium.eu/news/ga-loas-and-co-registration>).

The initial LoA prices take into account:

- A cost-sharing model
- The actual costs and expenses incurred to establish or maintain the registration dossier
- Provisions for future costs
- The initial estimation of the number of co-registrants per tonnage bands
- A reimbursement mechanism.

1. Cost sharing model

REC LoA for a 2018-substance: Yttrium (non-nano form)									
Calculation T0 (Initial Price): sales of LoAs according to the Data Sharing Regulation									
D a t a	Costs in €		<10 tpy						
	Multiplication factor (MF):		0.40						
	Specific Expenses:								
	Costs of New and Existing Data:		22 096						
	Dossier costs:		68 983						
	Total Reimbursable provision (future costs: tests and CM):		30 000						
S h a r e d c o s t i n g	Administrative LoA handling costs:		1 500						
	Nbr of Co-Registrants:		6						
	Costs in €		<10 tpy						
	Administrative costs + Costs of New and Existing Data (total tonnages):								
	Costs of New and Existing Data:		22 096						
	Administrative dossier preparation costs:		27 593						
Total:		49 690							

3. Data used for establishing the initial price of the LoAs

The data used for establishing the initial price of the LoA are summarized in the following table:

Yttrium metal (CAS 7440-65-5 ; EC 231-174-8)		
	Annex VII (1-10 tpy)	OSII or TII under SCC (<1000 tpy)
LoA price	€ 14 782	€ 5 000
Provision per LoA/tonnage bands	€ 5 000	n.a.
The price of the LoA is based on the following main assumptions:		
Total provisions for future costs (°)	€ 30 000	n.a.
Number of intentions for co-registration (¹)	4+2	n.a.

(°): total amounts for provisions per tonnage bands (absolute amount before taking the number of co-registrants into account)

(¹): Initial estimation of the number of co-registrants per tonnage bands and including the LR and the Members of the Consortium

The initial LoA-prices indicated in this communication are based on the elements currently available and may be subject to change in view of changes in costs or other changes in circumstances.

As foreseen in the above-mentioned regulation, a yearly documentation will be established containing the theoretical recalculation of the LoA prices taking into account of the actual number of LoA sold per tonnage bands as well as the actual use of the provisions foreseen for future costs). The yearly documentation will be established for a period of 12 years after the last submission of data regarding the above-mentioned lead dossier. At the end of this period, the final reimbursement will take place (if any). If the price of the LoAs is recalculated every year, the sales price remains unchanged and equal to the price during the whole 12-years period (unless otherwise decided by the Consortium). No reimbursement below €1000/ LoA unless the related administrative costs are paid by the requesting party.

It is not possible to estimate exactly the provisions for future costs. The amounts considered for the provisions for future costs are therefore subject to a potential revision over time. The members of the Consortium will evaluate at a later stage whether the initial price of the LoAs are still in line with the current and future expenses foreseen for maintaining the registration dossier. If necessary, an additional amount may be invoiced by the Project manager on behalf of the Lead Registrant.

For on-site or transported intermediates manufactured and used under SCC (Strictly Controlled Conditions) below 1000 tpy, it is possible to refer to the join submission for a lump sum of €5000,00 (Five Thousand Euro). There is no reimbursement mechanism foreseen for the case of on-site or transported intermediates.

If you wish to buy a LoA for the substance mentioned here above, please contact the Project manager (Rare-Earth-consortium@arcadis.com). The procedure to buy a LoA will be managed by ARCADIS Belgium acting on behalf of the Lead Registrant and the Members of the Rare Earth Consortium.

The procedure is the following:

1. The co-registrant indicates its willingness to purchase a LoA by mail sent to Rare-Earth-consortium@arcadis.com with the information needed:

- Name of the legal entity:
- Contact name:
- UUID:
- Address (of the legal entity registering the substance):
- Invoicing address (if different):
- VAT number:
- Optional –IBAN / BIC number:
- A PO number if required to be mentioned on the invoice

2. A LoA-Agreement will be issued and sent to the requesting parties. This LoA-Agreement contains all details about the LoA and must be signed and returned to Arcadis as follows:

- a. A (signed) pdf version must be sent by email to ARCADIS (Rare-earth-consortium@arcadis.com) as soon as possible so that the invoice can be issued.
- b. The signed original of the LoA-Agreement needs to be sent to the following address:
ARCADIS Belgium NV
F.a.o. Rare Earth Consortium
Posthofbrug 12
B-2600 Berchem
Belgium

3. ARCADIS will issue and send the invoice related to the corresponding LoA fee

4. After reception of the signed LoA-Agreement and the funds related to the LoA fee, ARCADIS will provide you with a token, joint submission name, generic CSR (Annex VIII only) and Guidance on safe Use (GoSU).

Note that this information is necessary for each and all your legal entities registering the substance(s). You need a LoA per legal entity registering the substance.

For any further information, please contact us at Rare-Earth-consortium@arcadis.com.

Best regards,

Arcadis on behalf of the Lead Registrant and the Members of the Rare Earth Consortium
